I won't be part of your committee, but if you need me to help you with something specific, please feel free to call on me.

Lynette is not working in this project any more, I also think Liz Butler is not the right EPA person, replace her with Alice Yeh, Yeh.Alice@epamail.epa.gov

With those changes, I would send an email around to the full list to see if they are still willing and interested

thanks

Doug

I will be happy to serve on the outreach committee for the CAG.
Cynthia

Hi all,

We had a good meeting last night and mapped out an approach to understanding and commenting on the FFS over the course of the fall and winter. Two new committees were established superseding previous committees. One technical and one outreach. For those of you who were not there please look at the attached and let me and/or the Chairs know if you would like to serve on either committee, we particularly will need help with outreach.

thanks

Doug
